My dream was to own a Morgan that rides and drives. I have my dream horse! Aristocrat is my dream and he lives up to that title! To date, we have spent 22 years together as partners, friends and family. Aristocrat is now 28 years old and retired. We spent our 22 years trail riding, pleasure driving and competing in Competitive Trail events. He excelled at the Competitive Trail rides. Always forgiving, feisty, forward and determined!

In his retirement we take walks together or I ground drive him. He still loves his job! He is my best partner, friend and a family member! We have aged together and we now spend our retirement years together. What a bond, trust and respect we share, after all these years!!!

I love him dearly!!!!!!
